The Rock Lick Block

Is a discovery, the result of thirty years' practical experience in the doctoring of STOCK for worms and parasitic diseases. It is UNANIMOUSLY declared by STOCK OWNERS who have used it to be the most important vererinary discovery

ever brought under their notice.
In cases of WORMS, BOTTS, pleuro, TUBERCULOSIS, Texas fever, milk and other fevers, its value as a preventive is incalculable; as a cure immeasurable.

Acting—as it does—both as a tonic and restorative, animals accustomed to use the Rock Lick Block are rendered sufficiently strong constitutionally to resist parasites and worms of all kinds. Millions of Stock die annully (sheep in particular) from wasting, dropsical, or bottled diseases, notwithstanding that they are drenched repeatedly, as well as receiving a continuous supply of salt and iron.

Monage wifer from bottle and warms and require to have them removed, as well Horses suffer from botts and worms, and require to have them removed, as well

Dairy Cows suffer from fever, sunstroke, tuberculosis, pleuro, inflammation of The use of the Rock Lick Block entirely supersedes the primitive and expensystem of drenching. All animals take it readily.
